Arrival of Mail for Boston, New York, Hartford, and Wilkes-Barre, Philadelphia, New York, and Montreal hospitals for the last ten years has caused an office at the Johnson House, CLEVELAND, where he will be happy to meet all those who are affected with salivary and chronic disease.

His treatment is entirely different from the old plan, and is both specific and effective. His medicines are simple vegetable extracts and oils. They have never been used but by two other physicians in America besides himself. He has spent the greater part of his life in thousands of days in obtaining a full knowledge of the disease, and the origin of all forms of disease. No charge for giving an account or trial statement of their case.

A SLIGHT COLD.—COUGHS.—  
Few are aware of the importance of checking a Cough or "canner cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "Brown's Bronchial Tincture" gives instant almost immediate relief, and cures the disease. It is easily carried, as they can be carried in the pocket and taken as occasion requires.
